SUMMARY

Modern, forward-thinking UX/UI designer with six years of experience consulting with local entrepreneurs to command web presence. Senior-level project manager with 20 years of experience in the engineering environment. Deadline-driven manager able to work with strict schedules and limited budgets to achieve designs that meet and exceed client expectations. Always seeking web application solutions for improved efficiency and/or better profitability.

TECHNICAL SKILLS

Languages: HTML, CSS/Sass, JavaScript, SQL

Applications: Mongo, React, Node.js, Express

PROJECTS

React Resort Hotel | github.com/brianevans99/ReactResort | reactresort.herokuapp.com

- A React website project displaying hotel room options. Built using Node.js, this site employs API calls from Contentful.com to retrieve stored data.
- Includes sorting component by price, room size, extras, etc.
- Technologies: React, Node.js, Contentful headless CMS

Developer Connector | github.com/brianevans99/DeveloperConnector | obscure-river-91485.herokuapp.com

- A MERN stack project where end users can create a login, create a profile and connect with other users. User profiles are connected to their Github accounts to display repositories.
- Project includes middleware for password encryption, access tokens and globally unique avatars.
- Technologies: React, Node.js, Express, MongoDB

Mighty Dungeon Gold Gitter | github.com/brianevans99/Mighty-Dungeon-Gold-Gitter | teamproject2.herokuapp.com

- A text-based role-playing game (RPG).
- My task for this project was front-end design, including video background, all images and avatars and game layout.
- Technologies: HTML/CSS, JavaScript, MySQL, Node.js, Express

EXPERIENCE

SMALL BUSINESS OWNER BRAVO ECHO WEB DEVELOPMENT

**2016-Present
Canton, GA**

Designing, managing and hosting local business websites. Keeping open line of communication with business owners for regular updates. Utilizing social media ad marketing as desired by client. Current client websites built with Bootstrap framework, React or WordPress.

PROJECT MANAGER SOUTHEASTERN ENGINEERING, INC

**2015-2019
Marietta, GA**

Managed federally funded Ga. Department of Transportation projects for local government clients within the state. Recorded and managed database updates for project and client tracking and hosted monthly teleconferences with involved parties. Guided clients through design and funding processes to keep projects on time and on budget.

SMALL BUSINESS OWNER DESIGN OPTIONS

**2012-2019
Canton, GA**

Designed and maintained ecommerce platforms for company's online presence. Stayed current with market trends to determine optional pricing of goods to capitalize on emerging opportunities. Promoted business via social media to generate leads and maximize brand identity.
